Additional options There are many individual titles, modules and languages available, please see the AddOn pricelist.			
Help, Manuals and Tutorial videos There is an extensive RadarOpus manual and many tutorial videos available.			

	Technical Support & Guarantee All packages come with excellent support: Unlimited free text support. And with 12 months free LIVE-support (this is remote computer access) on a "fair use" policy. Zeus-soft also guarantees that your software will receive free all needed updates for at least one year for any new larger OS Windows or MAC OS version (e.g. if you might buy a new computer). Normally RadarOpus will remain to work for many years on the same OS version, especially on Windows. There is no yearly license fees are needed. Occasionally a new modules or a new Synthesis version or other documents come available for very reasonable prices.		
	Please contact us for any question of personal advice. See contact details below

Installation

Install on Mac or Windows

From RadarOpus v 2.2 can download and installed RadarOpus on one computer with Soft-key protection. You can install on Mac or on Windows. If you like to work on two or three computers, then order a mini usb key Hard-key license protection, this allows to install and use on several computers if you move the mini usb key to the other computer.

Move your Soft-key license

If you want to move your Soft-key license to a different computer, soon from RadarOpus v.2.3 onwards you can do this yourself easily by going to a license server. You can move your license maximum 10 times for free (this will be for most people, for many years to come more than enough), if you need to move more often you will need to pay a small fee. A mini Hard-key license can be moved between different computers an unlimited number of times.

Computer repair with Soft-key license

If your computer needs to be given for repair, it is best to uninstall your soft-key license first from this computer.
 With a Hard-key license there is no need to uninstall your license first.
